

CE CERTIFIED COMPANY

DEEPAK FASTENES LTD.

IN FASTENERS ENGINEERING, YOU NAME IT - WE HAVE IT

From Hightensile to Stainless Steel

CE CERTIFIED COMPANY

CUSTOMER COMMITMENT

A reputed name in the fasteners industry with latest technology, high quality consciousness, strong financial base and supported by combined efforts of a number of personnel engaged in the manufacturing process and identified by a constant strive towards betterment.

Our manufacturing process appears simple to most. Few are aware of research and training, innovative techniques, exacting standards and dedicated efforts involving in securing the desired function. Today's discerning and fastidious customer refuses to make any compromise on quality and our pleasure rests in their satisfaction as we believe in the philosophy of "Customer Delight", therefore all our processes coverage towards maintaining consistent quality aided by highly mechanized infrastructure, trained, dynamic and resourceful team of skilled engineers with objectives of Reliability, Efficiency and Economy.

“TOTAL QUALITY, SERVICE & RELIABILITY OF SUPPLY”

We manufacture wide range of Bolts, Nuts, Washers, ASTM Studs, Foundation Bolts, Threaded Rods, Clamps and other allied items confirming to rigid International Standards such as DIN, ASTM, BS, ANSI, IS and ISO etc. The application of our products is wide and varied. It is used in building Automobiles, Railway Wagons, Railway Engines, Agricultural Pumpsets, Electronic equipments setting up of Steel, Cement, Paper, Chemical, Fertilizer & Petro Chemical Plant, Construction of Hydel, Thermal & Atomic Power Station etc.

WE ARE FASTENERS PEOPLE, IF YOU HAVE THE NEED FOR QUALITY REGULAR AND HIGH TENSILE FASTENING SYSTEM, WE HAVE THE PRODUCT AT YOUR SERVICE.

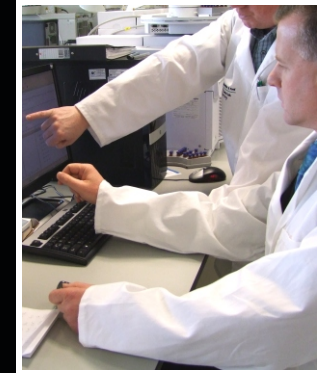

IN FASTENERS ENGINEERING,

CE CERTIFIED COMPANY

INHOUSE DESTRUCTIVE & NON DESTRUCTIVE TESTING LABORATORIES QUALITY CONTROL

- Chemical product check analysis
- Heat treatment tests
- Jominy quenching tests
- Room temperature tension tests (or at 0° C)
- Low temperature impact tests (upto-196° C)
- Stress rupture tests
- Hardness tests
- Uts test
- Bend tests
- Proof load test
- Macrotech tests
- Microtech tests
- Grains size
- Decarburization tests
- Ultra soud testing
- M.P. tests

UNDER THE DIRECTION OF ITS QUALITY MANAGEMENT TEAM DEEPAK FASTENERS OPERATES A FULLY REGISTERED QUALITY SYSTEM TO ISO 9001 : 2000

DEEPAK'S PRODUCT DEVELOPMENT CELL

Fully equipped with modernize tool room facility is well placed to supply Global, Agricultural & Off-Highway Industries.

- Sheet Metal Components
- Pressing, Forgings & Fabrications
(As per customers drawings & specifications)

A fully computerized test certification program ensures accurate documentation for all orders supplied.

“A FULLY REGISTERED QUALITY SYSTEM TO ISO 9001 : 2000”

CE CERTIFIED COMPANY

TECHNOLOGY - Latest Technology

- Multistation Formers - Cold & Hot
- CNC Machines
- Spherodize annealing plant for wire rod
- Continuous Mesh Type hardening & tempering plant
- Hot Dip Galvanizing
- Mechanical Galvanizing
- Electro Galvanizing (Zinc & Copper Cadmium)
- Rilson Coating for Water Board Industry of U.K., Europe & U.S.A.
- Sheradising Coating
- Kunz Decrotizing Coating
- PTFE Coating
- Delta Protekt Coating

SKILLED MAN POWER

- We have highly qualified & experienced staff
- We provide Training Sessions & Seminars to the workmen
- Highly educated staff with the degrees of B.Tech, M.Tech, Diploma Holders etc. are here with us.
- Proper knowledge of high-tech machinery is imparted to the operators.

WIDE RANGE OF INVENTORY

- We have usable in house stock to be fed for 6 months.
- Proper Inventory department is there to store the products.
- We use ERP system to feed the stock to minimize the error.

DELIVERY COMMITMENT

- We are the most relied brand for our COMMITMENT Level to our customers.

PLUS POINTS

- We have largest capacity of cold forming for bolts in India. We can cold gorge upto 36mm dia bolt.
- We can do close tolerance in hot forming.
- We have in house CNC Machines.
- We have in house Spherodize annealing plant for wire rod.
- We have in house continuous Mesh Type hardening & tempering plant.
- We have in house Hot Dip Galvanizing.
- We have in house Mechanical Galvanizing.
- We have in house Electro Galvanizing (Zinc & Copper Cadmium).
- We have in house Rilson Coating for Water Board Industry of U.K., Europe & U.S.A.
- We have in house Sheradising Coating.
- We have in house Kunz Decrotizing Coating.
- We have in house PTFE Coating.
- We are authorized & have in house facility for Delta Protekt Coating.
